

Since its start as a series of artist-in-residence projects in San Francisco, CA in 1990 more than 3,000 older adults, caregivers and youth have collaborated with professional songwriters using what has come to be the Songwriting Works™ method. Upwards of 300 songs have been composed to date in styles ranging from folk, country and blues to jazz, gospel, klezmer and nueva cancion. Each song's words and music are created in a collective process that honors participants' verbatim speech, ideas, heritage, values, imagination and melodic and rhythmic sensibility. The following index is a partial list of songs composed in sessions facilitated by Friedman and guest artists Ingrid Noyes, Bernie Griff, Paula Lalish, Keeth Monta Apgar, Matt Sirceley, Anke Summerhill and Aimee Ringle. *This document continues to be updated from our archives. 200 songs are listed.*

Funding sources (partial list): California and Pennsylvania: Artworks (now C.E.Y.A.) program at San Francisco Institute on Aging in conjunction with UCSF (then Mt. Zion) Medical Center, with support from the California Arts Council and the Fleishacker Fund (1990-92); Marin Arts Council (1994-99); Jewish Home San Francisco in conjunction with the California Arts Council's artist-in-residence program (1997-2002). Jewish Home San Francisco with support of the board of trustees (2002-2011). Madlyn and Leonard Abramson Center for Jewish Life, Horsham, PA (2005-06). In Washington State: Arts to Elders/Northwind Arts Alliance (2007), National Endowment for the Arts (2009), and the Washington Health Foundation rural health initiative (2010-11).
